Fair Value Findings
We have reviewed our distribution network for this product to ensure that renumeration is proportionate, fair and reasonable. In accordance with the FCA's rules, we would like to remind you that any fees charged, whether that relates to new business; renewals; mid-term adjustments or cancellations, should not reduce or negatively impact the intended product value and should always reflect the work and services provided by you for which the fee is charged. Customer correspondence must clearly state the premium, insurance premium tax and fees charged by you. These should be in line with the Pulse Fair Value Statement: https://pulse-insurance.co.uk/fair-value-statement/ We are satisfied that there are no ancillary products/services sold alongside this product but should this change, they should be made optional to clients with premiums clearly stated as advised above. We are satisfied that the Group Term Life product offers fair value to its target market
